

## SHIRE PRESIDENT'S REPORT

## To the Shire of Leonora Community

The 2020/21 Annual Budget continues to work towards meeting the objectives defined within the reviewed Shire of Leonora's Strategic Community Plan 2017 - 2027, in line with the need for the Shire to continue to provide information and support to the community during the pandemic. In the Shire of Leonora's COVID-19 Relief and Recovery Strategy, the Shire stated that it would seek approval from the Council for nil increase in the rate in the dollar for the 2020/2021 budget and this was approved at the Special Council Meeting held on Tuesday  $28^{th}$  July 2020. In addition, the inclusion in the Budget of a broad range of proposed capital expenditure will also promote growth during this challenging time.

The continued leadership by our Chief Executive Officer, Mr J (Jim) G Epis, has been ratified at the Council Meeting held on Tuesday 21<sup>st</sup> July, 2020, with the signing of a three year contract. As a Chief Executive Officer, Jim meets the Leadership Objective tabled in the Shire's Strategic Community Plan by providing innovative and proactive leadership, and Council are looking forward to working with him again over the next three years.

It is ironic that with the current Western Australian COVID-19 restrictions and the necessity for people to holiday in this state, the benefit of supporting the growth of tourism through the maintenance of its historical buildings is apparent with increased visitor numbers to Leonora. The Shire will continue through its 2020/21 Budget to improve and maintain its heritage infrastructure and will complete the Gwalia Interpretation Project this year.

At all times, in this new world of COVID-19, the Shire of Leonora will endeavour to act in a highly responsive, coordinated and safe manner to ensure health and emergency management directives are implemented, and will continue to support both State and Federal Government agencies in their roles during COVID-19. As its leaders, we will ensure that there is consistent and regular communication with community and staff, and support for those that are vulnerable within our community, as well as contributing to the economic rebound and social reconnection of the Shire of Leonora and Western Australia. Our 2020/21 Budget reflects this statement by funding stringent cleaning standards to all Shire facilities through contractors or Shire employees and providing an increased response to community requests for assistance.

We will all work together to not only achieve our strategic planning objectives, but to provide a safe environment for the people who live in the Shire of Leonora. It is with pleasure, therefore, that I present the 2020/21 Annual Budget to you.

## **CHIEF EXECUTIVE OFFICER'S REPORT**

## To the Elected Members and the Leonora Community

It gives me great pleasure to present to you the 2020/21 budget for the Shire of Leonora which was adopted at a Special Council Meeting held on Tuesday 28th July 2020. Once again considerable attention has been allocated to include funding for capital projects that have identified themselves during the previous financial year, and which align with the outcomes of the recently reviewed Shire of Leonora's Strategic Community Plan 2017-2027. In addition, the Shire has accessed funding under the Australian Government's funding towards local road and community infrastructure projects nationwide as part of national efforts to boost jobs and support communities during the COVID-19 pandemic.

The projects identified for 2020/21 are improvements in infrastructure in line with the Strategic Community Plan of supporting the community and providing essential infrastructure and services to promote growth. Like most remote regional towns we need to be able to attract and retain population. In addition, we need to upgrade and/or provide facilities such as public toilets both for the community and to encourage tourists to stop and spend money in the town. We also need to comply with our Strategic Resource Plan and replace ageing plant such as one of our graders, as well as purchase plant that will allow the Shire to work efficiently and effectively. External funding was received in 2019/20 from the State Government for an upgrade to the Leonora Aerodrome's lighting, and this has been finalised in 2020/21. The Shire have also submitted several grant applications through various agencies for community and economic initiatives during 2020/21. The Shire will continue to support the Royal Flying Doctor Service with \$100,000 being contributed by the Shire of Leonora again this year as part of the five year program for sponsorship.

With the current Western Australian COVID-19 restrictions the benefit of supporting the growth of tourism through the maintenance of its historical buildings is apparent with increased visitor numbers to Leonora, and bookings at Hoover House up to 100% over the next three months. The Shire continues to facilitate economic development through support for the Leonora Childcare Centre, as well as continuing to maintain a Doctor in Leonora.

There has been no increase in rates as due to the COVID-19 pandemic, Council resolved not to increase nor decrease the rate levy nor any fees and charges for the 2020/21 financial year. However, the Valuer General's Office normally assesses property every three years to determine its Gross Rental Value (GRV) and any increases initiated by this agency can increase the rates charged by the Shire – this is outside our control.

I would like to take the opportunity to thank all staff for their efforts in developing the plans that have formed this budget. I hope that 2020/21 will be a safe and productive year, and an improved one economically and socially for all of Australia.

## SHIRE OF LEONORA FOR THE YEAR ENDED 30 JUNE 2021 BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of *AASB 1051 Land Under Roads* paragraph 15 and *AASB 116 Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Leonora controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the budget.

#### 2019/20 ACTUAL BALANCES

Balances shown in this budget as 2019/20 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

#### **CHANGE IN ACCOUNTING POLICIES**

On the 1 July 2020 the following new accounting policies are to

- be adopted and may impact the preparation of the budget:
  - AASB 1059 Service Concession Arrangements: Grantors AASB 2018-7 Amendments to Australian Accounting Standards - Materiality

AASB 1059 is not expected to impact the annual budget. Specific impacts of AASB 2018-7 have not been identified.

All land (other than exempt land) in the Shire of Leonora is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Leonora.

The general rates detailed for the 2020/21 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

## 2 (b). NET CURRENT ASSETS (CONTINUED)

#### SIGNIFICANT ACCOUNTING POLICIES

## CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Leonora becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### **CONTRACT ASSETS**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### PROVISIONS

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### INVENTORIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The Shire of Leonora contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Leonora contributes are defined contribution plans.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

## EMPLOYEE BENEFITS

## Short-term employee benefits

Provision is made for the Shire of Leonora's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

#### The Shire of Leonora's obligations for

short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Leonora's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

#### **CONTRACT LIABILITIES**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

## **3. RECONCILIATION OF CASH**

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

		2020/21	2019/20	2019/20

Net cash from operating activities		603,030	3,639,263	2,172,037

#### SIGNIFICANT ACCOUNTING POLICES

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 - Net Current Assets.

## FINANCIAL ASSETS AT AMORTISED COST The Shire classifies financial assets at amortised cost

if both of the following criteria are met: - the asset is held within a business model whose

objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### 4. FIXED ASSETS

#### (a) Acquisition of Assets

The following assets are budgeted to be acquired during the year.

A detailed breakdown of acquisitions on an individual asset basis can be found in the supplementary information attached to this budget document.

#### SIGNIFICANT ACCOUNTING POLICIES

#### **RECOGNITION OF ASSETS**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### SIGNIFICANT ACCOUNTING POLICIES

#### DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Infrastructure - roads	
Infrastructure - improvements	20 years

#### AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

## SIGNIFICANT ACCOUNTING POLICIES

## **INTERESTS IN JOINT ARRANGEMENTS**

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire of Leonora's interests in the assets liabilities revenue and expenses of joint operations are included in the respective line items of the financial statements.

## 13. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

## **GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

## **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

## **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

## **COMPARATIVE FIGURES**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

## **BUDGET COMPARATIVE FIGURES**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.
