COUNCIL MEETING INFORMATION NOTES

1. Your Council generally handles all business at Ordinary or Special Council Meetings.
2. From time to time Council may form a Committee to examine subjects and then report to Council.
3. Generally, all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this at the last item of business of the meeting.
4. Public Question Time. It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Chairman.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and response is included in the Minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answer prior to the next meeting of Council.

5. **Councillors** may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter **trivial, insignificant or in common with a significant number of electors or ratepayers**. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have financial interest in a matter in the Agenda. The member of staff must declare that interest and generally the Chairman of the meeting will advise the Officer if he/she is to leave the meeting.

6. Agendas including an Information Bulletin are delivered to the Councillors within the requirements of the Local Government Act 1995, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by staff. An Agenda item including a recommendation will then be submitted to Council for consideration.

The Agenda closes the Wednesday week prior to the Council Meeting (i.e. six (6) days prior to the meeting).

The Information Bulletin produced as part of the Agenda includes items of interest and information, which does not require a decision of Council.

7. Agendas for Ordinary Meetings are available in the Leonora Shire office and Leonora library seventy-two (72) hours prior to the meeting and the public are invited to secure a copy.

8. Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendation until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 3).

INTEREST DECLARATIONS

With regards to Direct Financial Interests, Indirect Financial Interests and Proximity Interests, please consider sections 5.60A, 5.60B, 5.61 and 5.63 of the *Local Government Act 1995* and associated regulations.

Financial Interests

For the purpose of the financial interest disclosure provisions you will be treated as having an interest in a matter, if either you (as a relevant person), or a person with whom you are closely associated, has:

- a direct or indirect financial interest in a matter; or
- a proximity interest in a matter.

Direct Financial Interest

Section 5.60A of the *Local Government Act 1995* provides that:

A person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person.

Indirect Financial Interest

Section 5.61 of the *Local Government Act 1995* provides more detail in regards to this, however the existence of an indirect financial interest in a matter can be established by showing that you, or a person with whom you are closely associated, has a financial relationship with a person requiring a local government decision in relation to that matter. There is no requirement to establish a financial gain, loss, benefit or detriment in this instance, the mere existence of a financial relationship and the requirement for a decision is sufficient for a breach of the provision to have occurred.

Proximity Interest

See Section 5.60B of the *Local Government act 1995* for further detail.

The Act requires you to disclose a proximity interest that you, or a person with whom you are closely associated, has in a matter before a council or council committee meeting.

You (or a person with whom you are closely associated) have a proximity interest in any matter that concerns:

- a proposed change to a planning scheme affecting land that adjoins the person's land;
- a proposed change to the zoning or use of land that adjoins the person's land; or
- a proposed development of land that adjoins the person's land (development refers to the development, maintenance or management of the land or of services or facilities on the land).

The existence of a proximity interest is established purely by the location of land, a financial effect on the valuation of your land or on the profitability of your business does not have to be established. It is therefore important that you fully understand when a proximity interest exists.

The person's land referred to is both land in which you, or a person with whom you are closely associated, have any estate or interest.

Land that adjoins a person's land is defined by the Act as land that:

- not being a thoroughfare, has a common boundary with the person's land;
- is directly across a thoroughfare from the person's land; or
- is that part of a thoroughfare that has a common boundary with the person's land.

Impartiality Interest

Impartiality Interest For the purposes of requiring disclosure, an impartiality interest is addressed at Division 4 of the Shire of Leonora Code of Conduct for Council Members, Committee Members and Candidates as, *"an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association"*

The above definition includes examples of the type of relationships from which an interest could arise. However, a significant element is the likely public perception as to whether there may be an interest.

It is sometimes difficult to judge what a reasonable belief of another person is. Therefore, when deciding if such an interest should be disclosed, it is helpful to establish answers to the following questions:

- If you were to participate in assessment or decision making without disclosing, would you be comfortable if the public or your colleagues became aware of your association or connection with an individual or organisation?
- Do you think there would be a later criticism of perceived undisclosed partiality if you were not to disclose?

BACKGROUND

Public Authorities (State Government agencies and Local Governments) in Western Australia have been required to have Disability Service Plans (DSPs) as part of the Disability Services Act 1993. DSPs have been in place for over 15 years, and a great deal of progress has been made by State and Local Government towards ensuring that their services, buildings, and information are accessible to people with disabilities.

The Disability Services Act was amended in 2004 and now requires public authorities to develop and implement Disability Access and Inclusion Plans (DAIPs). The requirements of DAIPs build on those DSPs, so that people with disabilities can access services provided by public authorities in Western Australia in a way that facilitates increased independence, opportunities, and inclusion within the community.

The Act makes DAIPs mandatory, and guides their development, implementation, and reporting. The Act also requires that DAIPs apply to agents and contractors providing a service for public authorities as well as the staff of the authority.

Section 29B of the Act states “a public authority that has a disability access and inclusion plan must take all practicable measures to ensure that the plan is implemented by the public authority and its officers, employees, agents, and contractors.

The Act (schedule 3 of the Disability Services Regulations 1993) specifies seven desired outcomes that DAIPs progress.

1. People with disability have the same opportunities as other people to access the services of, and any events organised by the public authority.
2. People with disability have the same opportunities to access the buildings and other facilities of a public nature.

3. People with disability receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it.
4. People with disability receive the same level and quality of service from the staff of the public authority as other people receive from the staff of that public authority.
5. People with disability have the same opportunities as other people to make complaints to a public authority.
6. People with disability have the same opportunities as other people to participate in any public consultation.
7. People with disability have the same opportunities as other people to obtain and maintain employment with a public authority.

Shire of Leonora

Disability Access and Inclusion Plan

Forward

The Shire of Leonora acknowledges that people living with disability, their families and carers have the same rights as any other community member to access services and facilities offered by the Shire, have the ability to access information, contribute to decision making, be employed and participate inclusively in community life.

The Disability Access and Inclusion Plan (DAIP) 2018 – 2023 is a systematic plan of strategies, specific to the unique needs, barriers and challenges faced by those living with disability, their families and carers within our community. This DAIP will be monitored, reviewed, and subsequently evaluated over the next five year period, laying the foundations for the future.

The Shire of Leonora acknowledges the invaluable feedback received from the community including people living with disability and engaged stakeholders in the formulation and review process of the DAIP. The feedback received has assisted the Shire to renew its understanding of the challenges faced by individuals, their families and carers and to remain current and informed at all levels of their complex and unique needs. This will ensure an inclusive culture continues to be considered and promoted within our community through the foundation of the DAIP for years to come.

People living with disability, their families and carers are a sub group within our community at growing risk. The Survey of Disability Ageing and Carers (2018), released by Bureau of Statistics recently published statistics. There are as of the survey date 4.4 million Australians with disability representing 17.7% of the population. The prevalence of disability increased with age - one in nine (11.6%) people aged 0-64 years and one in two (49.6%) people aged 65 years and over had disability.

Disability presents in a broad spectrum of ways and is no longer limited to physical or intellectual disabilities. Disability encompasses neurological, physical, sensory, intellectual, psychiatric, linguistic and social disability including the impact of living in a remote community.

The Shire of Leonora, has capacity to create positive change and alter policy to ensure the quality of life and ability for individuals to access community life and be included within the community. Together with Federal and local government mandates including the Disability Services Act 1993 (2004), Commonwealth Disability Discrimination Act (1992) and the Equal Opportunity Act (WA, amended 1998) have helped guide change, facilitated through the DAIP.

All people in our community, including those facing the challenges of having a disability, contribute to the unique fabric of our town. It is important that we embrace and overcome these challenges together to ensure that everyone can enjoy the amazing attributes that our region has and live full and productive lives.

Ty Matson, Chief Executive Officer, Shire of Leonor

Background

The Shire of Leonora

Located in the heart of the Northern Goldfields of Western Australia, the Shire of Leonora spans over 31,743 square kilometres and is situated 832km from Perth. Leonora, the principal town within the Shire, emerged as a significant settlement towards the end of the 18th century, following the discovery of rich gold deposits in the vicinity. The establishment of the Sons of Gwalia gold mine catapulted Leonora onto the global stage, and by 1897, the town had developed a robust infrastructure of residential properties and businesses, with many original edifices still standing today.

The town is home to approximately 1,588 residents, a number that expands significantly during the wildflower season and the cooler months from May to November. Leonora is witnessing a phase of growth, fueled by an influx of retirees, the ongoing mining boom, and a surge in tourism that is drawing people back to the area.

The region's economy is primarily driven by mining activities, including gold and nickel extraction, alongside a well-established pastoral industry focusing on sheep and cattle. Leonora boasts a comprehensive range of recreational facilities and industrial services, making it an attractive destination for travellers. The town is renowned for its stunning sunsets, expansive skies, vibrant wildflowers, and rich heritage and cultural tourism offerings, offering a unique blend of natural beauty and historical significance.

People with disabilities in the Shire of Leonora

The Shire of Leonora is witnessing a significant increase in its population of residents living with disabilities, their families, and carers. According to the latest research from the Australian Bureau of Statistics, about one-sixth of Western Australia's population is now affected by disability, indicating a growing trend that extends to the Shire of Leonora.

The recognition of the impact of disability has broadened to include not just the individuals directly affected but also their families and carers. This shift is largely due to legislative advancements through the Disability Discrimination Act (1992) and the Equal Opportunity Act (WA, amended 1998), which have fostered greater family involvement and support. The implementation of the National Disability Insurance Scheme (NDIS) in Western Australia, particularly in the Northern Goldfields since October 2018, has further enhanced the support and services available to people with disabilities. This scheme emphasizes choice, control, and the capacity to participate socially and economically, which is crucial for those in remote communities like Leonora.

Shire of Leonora

Disability Access and Inclusion Plan

Moreover, the understanding of disability has evolved to encompass a wide spectrum of conditions, including neurological, sensory, intellectual, psychiatric, linguistic, and social disabilities, as well as the challenges posed by remote living, such as social isolation, alcohol dependency, and Foetal Alcohol Syndrome.

An important factor to consider is the aging population. Leonora, which attracts retirees and seasonal tourists, must therefore anticipate and plan for the needs of a changing population, particularly in terms of disability inclusion and access.

These trends underscore the evolving demographics and the need for forward-thinking planning to ensure inclusivity and accessibility for all community members, particularly those living with disabilities, their families, and carers.

Planning for better access

The Shire of Leonora is dedicated to promoting the inclusion of individuals with disabilities, ensuring they can access and participate in all community facilities, services, events, and employment opportunities. This commitment is aligned with the requirements of the Western Australia Disability Services Act (1993), which mandates all local governments to create and execute a Disability Access and Inclusion Plan (DAIP). The DAIP serves as a blueprint for addressing and removing access barriers, aiming to enhance independence and foster participation and inclusion for people with disabilities. This initiative ensures equitable access to the Shire's offerings.

Additionally, the DAIP's foundations are strengthened by the Western Australia Equal Opportunity Act (1984) and the Commonwealth Disability Discrimination Act 1992 (DDA), both of which prohibit discrimination based on disability.

Since the inception of its first DAIP for 2006 - 2013, the Shire has undertaken periodic reviews and updates, with the latest plan covering 2024-2029. This iterative process of monitoring, review, and adjustment ensures that the Shire not only recognizes the rights of people with disabilities, their families, and carers to access services and facilities on an equal basis but also actively involves them in decision-making processes, employment, and community life.

Progress since 1995

The Shire of Leonora is dedicated to ensuring that individuals with disabilities are included by enhancing their access to information, facilities, and services. This commitment led to the adoption of the Shire's inaugural Disability Service Plan (DSP) in 1995, aimed at overcoming community access barriers.

Following the introduction of this first DSP, the Shire has undertaken numerous initiatives and achieved substantial advancements in improving accessibility for everyone in the community.

Development of the Disability Access and Inclusion Plan

Responsibility for the planning process

The Chief Executive Officer (CEO) is tasked with supervising the development, implementation, review, and evaluation of the plan. Once completed, the plan receives endorsement from the council, and it becomes the duty of all officers to execute the specified actions.

Community consultation process

In 2023, the Shire embarked on a review of its Disability Access and Inclusion Plan (DAIP) to further improve accessibility and inclusivity for individuals with disabilities. This DAIP Implementation Plan facilitates ongoing assessment of the Shire's strategies and their effectiveness, allows for adjustments based on feedback from the community and stakeholders, monitors advancement, and revises the plan as needed to meet emerging requirements. The review process involved:

- Analysing the DAIP for the period 2018 – 2023 along with any subsequent assessments.
- Reviewing additional relevant documents and strategies.
- Engaging with essential staff for insights.
- Inviting community input through an online survey.
- Evaluating community feedback gathered during community planning engagements.

Findings of the consultation

The review and consultation process indicated that the goals set in the 2018 – 2023 DAIP were largely met. This outcome, alongside the Shire's ambition to exceed the basic compliance requirements for accessibility and inclusion, highlighted the need for a new plan that both acknowledges these successes and sets new objectives.

Responsibility for implementing the DAIP.

The execution of the DAIP falls within the purview of the entire Council, although certain actions may be designated to specific areas. The Action Plan delineates the responsibilities for each task. Under the Disability Services Act (1993), it is mandatory for all public authorities to undertake all feasible steps to guarantee the implementation of the DAIP by their officers, employees, agents, and contractors.

Shire of Leonora

Disability Access and Inclusion Plan

Communicating the plan to staff and people with disability.

The updated DAIP will be accessible on the Shire's website, and an announcement will be made in the local newspaper. Hard copies of the DAIP, in both standard and large print, can be obtained from the Shire offices. Additionally, upon request, the plan will be provided in electronic format, as well as in audio format on cassette or compact disc.

Review and evaluation mechanisms.

Under the Disability Services Act, DAIPs must undergo a review at least once every five years. Should there be any changes to the DAIP, an updated version of the plan must be submitted to the Disability Services Commission. The Implementation Plan, however, may be revised more frequently as needed.

Monitoring and Review Process:

- The DAIP will be periodically assessed by staff based on community needs to ensure its effectiveness and relevance.
- The evaluation of the Shire's DAIP for the period 2024-2029 will be documented in a report to be sent to the Disability Services Commission in 2030.

Evaluation Procedure:

- The Council will review any findings from the DAIP implementation process.
- Based on community feedback, the Implementation Plans will be updated, and the revised plans will be made accessible to the public in various formats following Council approval.

Reporting on the DAIP

The Disability Services Act specifies the basic reporting obligations for public bodies regarding their DAIPs.

Annually, the Shire will document the progress of its DAIP's implementation in its annual report and on a designated form provided to the Disability Services Commission, highlighting:

- The advancements made towards achieving the DAIP's intended outcomes;
- The efforts of its agents and contractors in striving for the seven targeted outcomes; and
- The methods employed to communicate the details of its DAIP to its agents and contractors.

9

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 APRIL 2024

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure

SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 13 May 2024

10.0 REPORTS**10.4 MANAGER OF BUSINESS SERVICES REPORTS****10.4.(C) UNBUDGETED EXPENDITURE - AIRSTRIP REPAIRS**

SUBMISSION TO:	Ordinary Council Meeting Meeting Date: 21st May 2024
AGENDA REFERENCE:	10.4.(C) MAY 24
SUBJECT:	Unbudgeted Expenditure - Airstrip Repairs
LOCATION/ADDRESS:	Leonora
NAME OF APPLICANT:	N/A
FILE REFERENCE:	1.6
AUTHOR, DISCLOSURE OF ANY INTEREST AND DATE OF REPORT	
NAME:	Kiara Lord
OFFICER:	Manager Business Services

DATE:	14th May 2024
SUPPORTING DOCUMENTS:	Nil

BACKGROUND

Over the past twelve months the Leonora Aerodrome has seen an increase in air traffic, with provisions made to support larger, and more frequent flights for surrounding mine sites. While the additional use of the strip was anticipated, a significant patch of this strip requires urgent repair.

An opportunity to repair this section of the airstrip this month presented itself, and due to the urgent nature of the repairs needed the Chief Executive Officer had contacted the Shire president to request authorisation to proceed with these repairs in line with Part 6, division 4, Item 6.8 (1)(c) of the *Local Government Act, 1995*.

As procurement of these repairs were not considered in the 2023/24 budget, it requires a budget amendment and an absolute majority approval by the Council.

STATUTORY ENVIRONMENT

Local Government Act 1995 Part 6 Division 4

6.8. Expenditure from municipal fund not included in annual budget

- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure –
 - (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
 - (b) is authorised in advance by resolution; or

(c) is authorised in advance by the mayor or president in an emergency

(1a) In subsection (1) –

additional purpose means a purpose for which no expenditure estimate is included in the local government's annual budget.

(2) Where expenditure has been incurred by a local government –

(a) pursuant to subsection (1)(a), it is to be included in the annual budget for that financial year; and

(b) pursuant to subsection (1)(c), it is to be reported to the next ordinary meeting of the council.

POLICY IMPLICATIONS

There are no policy implications resulting from the recommendation of this report.

FINANCIAL IMPLICATIONS

There are no financial implications resulting from the recommendation of this report that will have any detrimental effect on the Shire's finances. The repairs will tie into the ongoing maintenance program for the Aerodrome and will be incorporated into future budgetary requirements in future.

STRATEGIC IMPLICATIONS

There are no strategic implications resulting from the recommendation of this report.

RISK MANAGEMENT

Not repairing the runway at this stage could result in loss of revenue and service delivery as the airport will have to close until repairs can be done if it gets much worse. Due to the timing of the available contractor, we can have these works completed quickly, and not be delayed by any supply issues regarding contractor availability of resources.

RECOMMENDATIONS

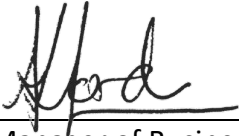

That the Council, by absolute majority, approve the unbudgeted expenditure for Repairs to the airstrip at Leonora Aerodrome as detailed in the above report, to be financed with the following budget amendments:

- CI2477 – Aerodrome Runway Repairs, provision be increased by \$120,000 to **\$120,000**
- E122043 – Road Maintenance (Bush Graders), provision be decreased by \$60,000 to **\$189,999**
- E126010 – Aerodrome Maintenance, provision be decreased by \$20,000 to **\$159,462**
- E122200 – Tree Lopping, provision be decreased by \$40,000 to **\$0**
