

Shire of Leonora POLICY MANUAL

Updated – Ordinary Council Meeting:
13 December, 2024

INTRODUCTION

POLICY MANUAL OBJECTIVE

To provide clearly defined roles and communication channels between the Council and the Administration.

PURPOSE OF POLICIES

Legislation provides for policies to be determined by Council, and for the CEO to manage the day to day operations of the local government. Policies should provide a written reference to clearly link the higher level directions set by the Council and the operational considerations which the CEO will employ to cause council decisions to be implemented. Policies should provide guidance to articulate the strategic direction of Council and set out the position of the local government to follow at an operational level (e.g. we shall, we shall not), particularly where legislation does not provide such guidance. They are not necessarily intended to provide direction on how different functions are to be executed, except where legislation requires it.

The CEO/administration will interpret the policies and strategic direction set by Council to formulate operational processes and procedures. These processes and procedures should detail the tasks and requirements which must be accomplished, as well as specific actions to be performed by staff. They are essentially a set of business rules intended to communicate expected standards to staff from the CEO, to achieve the strategic direction of Council.

AMENDMENTS TO POLICIES

Amendments to policies may require either a simple majority or an absolute majority decision of council. This requirement is recorded individually for each policy. Care should be taken when amending policies to ensure the required decision is correctly applied and recorded in the minutes of the council meeting where the amendment is made.

REVIEW OF POLICIES

Some policies require review in accordance with statutory provisions. Systems and processes are to be maintained for compliance. Where there is no mandated requirement for policy review, policies will aim to be reviewed on a biennial basis by Council.

REVIEW AND AMENDMENT RECORD:

The policy manual will include a version date to ensure the most current version being referred to, with a policy history being completed for each policy to track the date of all policy amendments, revisions etc.

Up to date / current policies of Council are also required by legislation to be published on the Shire's official website.

A.1.2 LEGAL REPRESENTATION

OBJECTIVES

This policy is designed to protect the interests of Council members and employees (including as past members and former employees) where they become involved in civil legal proceedings because of their official functions. In most situations the Shire may assist the individual in meeting reasonable expenses and any liabilities incurred in relation to those proceedings.

In each case it will be necessary to determine whether assistance with legal costs and other liabilities is justified for the good governance of the district. This policy applies in that respect.

POLICY STATEMENT

The Shire is committed to ensuring elected members and staff are performing their duties in a fair and objective manner and are protected from civil legal proceedings.

To achieve the objectives of this policy the Shire:

- a) may provide financial assistance to elected members and employees in connection with the performance of their duties provided the member or employee has acted reasonably and has not acted illegally, dishonestly, against the interests of the local government or otherwise in bad faith.
- b) may provide such assistance in the following types of legal proceedings:
 - i) Proceedings brought by elected members and employees against third parties to enable them to carry out their local government functions, other than proceedings against the Shire or another elected members or employee (e.g. where a member or employee seeks a restraining order against a person using threatening behaviour);
 - ii) Proceedings brought against members or employees (this could be in relation to a decision of Council or an employee which aggrieves another person (e.g. refusing a development application) or where the conduct of a member or employee in carrying out his or her functions is considered detrimental to the person (e.g. defending defamation actions); and
 - iii) Statutory or other inquiries where representation of members or employees is justified.
- c) Will not support any defamation actions seeking the payment of damages for individual members or employees in regard to comments or criticisms levelled at their conduct in their respective roles. Members or employees are not precluded, however, from taking their own private action. Further, the local government may seek its own advice on any aspect relating to such comments and criticisms of relevance to it.
- d) Ensure the legal services the subject of assistance under this policy will usually be provided by the Shire's solicitors. Where this is not appropriate for practical reasons or because of a conflict of interest then the service may be provided by other solicitors approved by the Shire.

MANAGEMENT PROCEDURES

1. Applications for Financial Assistance

- a) Subject to item (d), decisions as to financial assistance under this policy are to be made by the Council.
- b) A member or employee requesting financial support for legal services under this policy is to make an application in writing, where possible in advance, to the Council providing full details of the circumstances of the matter and the legal services required.
- c) An application to the Council is to be accompanied by an assessment of the request and a recommendation prepared by, or on behalf of, the Chief Executive Officer (CEO).
- d) A member or employee requesting financial support for legal services, or any other person who might have a financial interest in the matter, should take care to ensure compliance with legislative interest disclosure requirements.
- e) Where there is a need for the provision of urgent legal services before an application can be considered by Council, the CEO has authorisation to the value of \$10,000 with that the power to make such an authorisation delegated to the CEO in writing. Council shall be advised immediately should the delegation be exercised.
- f) Where it is the CEO who is seeking urgent financial support for legal services the Council shall deal with the application. This may be conducted in accordance with the 'Approvals at Short Notice' Policy.

2. Repayment of Assistance

- a) Any amount recovered by a member or employee in proceedings, whether for costs or damages, will be off set against any moneys paid or payable by the Shire.
- b) Assistance will be withdrawn where the Council determines, upon legal advice, that a person has acted unreasonably, illegally, dishonestly, against the interests of the local government or otherwise in bad faith; or where information from the person is shown to have been false or misleading.

Where assistance is so withdrawn, the person who obtained financial support is to repay any moneys already provided. The Shire may take action to recover any such moneys in a court of competent jurisdiction.

2. Finance

A.2.1 FINANCIAL GOVERNANCE

OBJECTIVE

To establish prudent, transparent, accountable and equitable financial management and governance principles to be applied to general financial decision making.

POLICY STATEMENT

BACKGROUND

This financial governance policy should be read in conjunction with other financial management policies, which contains the local government's overarching financial objectives.

DEFINITIONS

Intergenerational equity: the equitable allocation of responsibility for funding the provision and maintenance of assets and facilities throughout their useful life.

GENERAL PRINCIPLES

The Shire will make decisions in relation to financial management and financial governance that encompass the following principles:

- Management of financial risk prudently, having regard to economic circumstances.
- Examples of financial risks to be managed prudently include the level of council debt, commercial activities, community business activities, financial assets and liabilities.
- Implement spending and rating policies to promote stability and predictability.
- Fund physical assets with regard to intergenerational equity.
- Manage and maintain physical assets to achieve the maximum useful life from the initial investment.
- Ensure full, accurate and timely disclosure of financial information, unless commercial in confidence.

OPERATING RESULTS

The Council will structure its budget to achieve an outcome where operating revenue (fewer capital contributions) is at least sufficient to meet operating expenses. The extent of any operating surplus will be dependent on the resources necessary to manage the renewal of assets (including infrastructure assets and business activity assets) and considering intergenerational equity issues.

CASH RESERVES

Cash reserves are to be established and maintained to accumulate funds for the following purposes:

- To offset liabilities in respect of previously earned employee entitlements to the extent they require an outflow of funds not allocated in the annual budget.
- To fund future strategic initiatives and the provision of new services and facilities to future residents.
- To fund renewal of existing physical/built assets.

- To smooth funding allocations over future years.
- To buffer against unpredictable events.
- To hold unspent grants and contributions.
- To meet statutory obligations.
- Other purposes as determined by the Council from time to time.

BORROWING

Borrowing will be undertaken in accordance with the Shire's borrowing management policy.

REGULATORY ROLE

Where the Shire operates in a competitive environment while providing a regulatory or statutory role in that environment it will maintain a management structure designed to minimise the potential for conflict between these two roles and encourage transparency to maintain confidence in its regulatory independence.

A.2.3 RATING

OBJECTIVE

In applying the rating principles set out within by legislation and in making the decisions on the purpose for which the land is held or used or identifying any other characteristics of the land, the following principles will be observed:

- Objectivity – the use of land should be reviewed and determined on the basis of an objective assessment of relevant criteria. External parties should be able to understand how and why a particular determination was made.
- Fairness and Equity – each property should make a fair contribution to rates based on a method of valuation that appropriately reflects its use.
- Consistency – Rating principles should be applied, and determinations should be made in a consistent manner. Like properties should be treated in a like manner.
- Transparency – Systems and procedures for determining the method of valuation should be clearly documented.
- Administrative Efficiency – rating principles and procedures should be applied and implemented in an efficient and cost-effective manner.

POLICY STATEMENT

In order for the Minister to ensure legislative rating principles are applied to any separately identifiable rateable portion of land within the district, the Shire is to have systems and procedures to:

- identify and record any changes in land use;
- review the predominant use of land affected by significant land use changes;
- consult with affected parties;
- obtain Council approval to apply to the Minister for a change in method of valuation; and
- ensure timely application to the Minister.

The purpose for which the land is zoned shall form the initial guide to the predominant use of any land within the district.

An initial guide to the predominant use of land within the district based on the zoning under the Local Planning Scheme. Where the current predominant use of the land is different to the zoning under the local planning scheme, the basis for this determination should be clearly documented, particularly if a different method of valuation appears appropriate. Non-conforming land use and land where the zoning does not provide an initial guide will require examination on a case by case basis.

Determination of the appropriate method of valuation requires examination of the extent to which the separately identifiable portion of land is being used for the alternative land use. This should be documented and considered using the principles detailed in this policy before making application to the Minister for a change in method of valuation.

A uniform general rate in the dollar is to be applied for all GRV and UV valued properties within the district. Council may in certain circumstances deem a differential general rate to be necessary. Imposition of a differential general rate represents a conscious decision by Council to redistribute the rate burden in the district by imposing a higher contribution on some ratepayers and a lower contribution on others.

Imposition of a differential general rate must follow the Benefit Principle – the concept that there should be some relationship between the rates paid and the benefits received. The Benefit Principle does not mean rates should equal benefits, but it is expected that those bearing the higher rate burden through the imposition of differential rating are receiving greater benefits from Shire activities. When imposing a differential general rate the characteristics of the land to which the rate is to be applied along with the objects and reasons for the differential rate should be clearly defined.

The purpose for which the land is zoned is considered the most appropriate basis for determining the characteristics of the land to which the differential general rate applies. Where the Benefit Principle is considered by Council not to apply within a particular land zoning, the purpose for which the land is held or used as determined by the local government and/or whether or not the land is vacant land shall be used as the basis for determining the characteristics of the land to which the differential general rate applies.

CONCESSIONS AND WAIVERS

Circumstances may arise where Council resolves by absolute majority to grant a waiver or concession as provided by legislation.

A.2.5 INVESTMENTS

OBJECTIVE

To invest the Shire surplus funds with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, whilst ensuring that liquidity requirements are being met.

POLICY STATEMENT

Preservation of capital is to be the principal objective with consideration given to liquidity, cash flow requirements and return on investment.

Preservation of capital is the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters.

The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated sale of an investment.

The investment is expected to achieve a predetermined market average rate of return that takes into account the Shire's risk tolerance. Any additional target set by the Shire will also consider the risk limitation and prudent investment principles.

SCOPE & LIMITATIONS

All investments are to comply with the following:

- *Local Government Act 1995* - Section 6.14
- The *Trustees Amendment Act 1962* – Part III Investments;
- *Local Government (Financial Management) Regulations 1996*; and
- Australian Accounting Standards.

PRUDENT PERSON STANDARD

Investments are to be managed with the care, diligence and skill that a "prudent person" (as derived by legislation, *Trustees Act 1962*, and case law) would exercise. Officers are to manage investments to safeguard the portfolio in accordance with the spirit of this Investment Policy, and not for speculative purposes.

ETHICS AND CONFLICTS OF INTEREST

Officers shall refrain from personal activities that could be perceived to conflict with the proper execution and management of Shire's investment portfolio. This policy requires officers to disclose any conflict of interest to the CEO and the CEO to the Council.

APPROVED INVESTMENTS

Where delegations from Council exist, the CEO and/or delegated officers may invest funds within authorised investment parameters of this policy and legislative requirements.

1. Cash / Bank Deposits may be invested with:
 - a) an authorised deposit-taking institution as defined in the *Banking Act 1959* (Commonwealth) section 5; or

- b) the Western Australian Treasury Corporation established by the *Western Australian Treasury Corporation Act 1986*;
2. Restrictions on investments will require the Shire not to:
- a) deposit with an institution except an authorised institution;
 - b) deposit for a fixed term of more than 12 months;
 - c) invest in bonds that are not guaranteed by the Commonwealth Government, or a State or Territory government;
 - d) invest in bonds with a term to maturity of more than 3 years;
 - e) invest in a foreign currency.

RISK PROFILE

The Shire will maintain a conservative investment approach aligned to its risk appetite and tolerance statement within the Shire's adopted Risk Management policy, and investment risks will therefore be kept to an acceptable minimum. This is intended to ensure short term funds are readily available when required through Council and delegated officers maintaining their fiduciary obligations required by legislation.

INTERNAL CONTROL

The Chief Executive Officer is to implement internal controls in accordance with *Local Government (Financial Management) Regulations 1996*.

A.2.6 CORPORATE TRANSACTION CARDS

OBJECTIVE

Where the CEO has been delegated authority for making payments, this policy will provide a clear framework allowing the CEO and approved officers to utilise corporate transaction cards for the purchase of goods and services in carrying out the normal day to day business of the Shire.

POLICY STATEMENT

ISSUING OF CORPORATE TRANSACTION CARDS

The provision of a corporate transaction card is a facility for certain officers which must be authorised by the CEO. The CEO will determine and authorise appropriate monthly limits for each cardholder, with limits not to exceed \$15,000 for each cardholder.

The CEO may only be issued a corporate transaction card and may only approve the issue of corporate transaction cards, where delegated authority for making payments from the municipal fund exists.

CARDHOLDER RESPONSIBILITIES

The CEO is to develop and maintain a Corporate Transaction Card Holder Agreement form, which cardholders must sign prior to being issued card/s, acknowledging the conditions of use for their corporate transaction card.

Cardholders must adhere to the Shire's Purchasing Policy in the course of utilising the Corporate Transaction Card facility.

Corporate Transaction Cards must not be utilised for the following activities:

- Cash advances;
- Private or personal expenses;
- Establishment of ongoing direct debit transaction (unless authorised by the CEO);
- Use by officers or any individual, other than the approved transaction card holder (except where approved in accordance with control procedures);
- For the payment of 'tips' or gratuities associated with a service;
- To attain personal rewards such as reward points or any other rewards; and
- Instances where a creditor would normally accept a purchase order.

Compliant tax invoice/receipts which records an adequate description of goods / services must be obtained for all credit card transactions. Where compliant tax invoice/receipts are not available, a statement signed by the cardholder is required be presented to the CEO for approval, detailing information such as:

- Nature of the expense;
- Provider name;
- Provider ABN;
- Amount of the transaction (and where possible, breakdown of expenses);
- GST; and
- Reasons why compliant documentation is not available.

Cardholders are to provide for approval a detailed summary of all purchases reconciling to each monthly statement within seven days of receiving the monthly statement. Statements are to be reviewed and approved for corporate credit cardholders by the CEO.

Corporate transaction cards must be maintained securely, where access is available only to the cardholder, and must not be stored with any PIN issued for the card. Any loss or theft of corporate transaction cards must be reported immediately to the Deputy CEO.

Where a cardholder ceases to be an employee of the Shire, the cardholder must ensure:

- The card is returned to the Deputy CEO for immediate cancellation and destruction;
- All outstanding transactions are acquitted and accounted for in accordance with this policy.

ACQUITTAL AND REPORTING

Statements are to be reviewed and approved for corporate transaction cardholders by the CEO, with a listing of payments made utilising the Shire's corporate transaction card facility/ies for the preceding month presented to Council for noting.

The listing must clearly identify payments made and authorised by the CEO.

A.2.7 PURCHASING POLICY

OBJECTIVE

To ensure all procurement activities undertaken by the Shire:

1. Are consistent and maintain high standards of transparency, probity and ethics;
2. Consider and apply value for money requirements, ensuring quality of goods, services and works;
3. Are compliant with relevant legislation;
4. Are aligned and underpinned with adopted risk management policy and procedures;
5. Support the Shire and its suppliers in maintaining a high reputational standard;
6. Are aligned to the strategic objectives of the Shire;
7. Provide for sustainable and socially responsible procurement solutions; and
8. Are appropriately documented and recorded in the Shire's record keeping system.

POLICY STATEMENT

The Shire is committed to undertaking procurement activities in accordance with the objectives of this policy. This policy provides guidance to officers procuring goods or services for the Shire and is to be complied with for all procurement activities. Compliance with legislation and risk management principles will underpin all procurement activities.

1. ETHICS & INTEGRITY

The Shire Codes of Conduct apply when undertaking procurement activities and decision making. Elected Members and employees must always observe the highest standards of ethics and integrity and act in an honest and professional manner.

To ensure the selection process is fair and objective for all procurement requests, the Shire shall observe good governance and ensure:

- Procurement activities comply with the relevant legislation, the requirements of Council Policy, the Codes of Conduct and any CEO operational guidelines;
- Processes, procedures and documentation are administratively efficient, transparent, demonstrate fairness, openness;
- Procurement activities are to be fully documented in accordance with relevant legislation, applicable policies and procedures;
- Actual or perceived conflicts of interest are identified, disclosed, and managed according to the principles of good governance;
- Recommendations are made and decision-making is undertaken in a transparent manner, free from bias and appropriately documented;
- 'Commercial-In-Confidence' information provided by suppliers is treated in confidence, unless authorised for publication by the respondent or relevant legislation; and
- A strong element of competition by seeking a sufficient number of competitive quotations wherever practicable and consistent with this Policy.

2. VALUE FOR MONEY

Value for money may be achieved through the evaluation of price, risk, timeliness, environmental, social, economic, governance and qualitative factors to determine the most advantageous supply outcome to contribute to the Shire achieving its strategic and operational objectives.

The Shire will apply value for money principles when assessing purchasing decisions and acknowledges the lowest price may not always be the most advantageous. Relevant factors including, but not limited to, qualitative and risk criteria will underpin all procurement decisions.

2.1 ASSESSING VALUE FOR MONEY

Assessment of value for money considerations may include:

- all relevant costs and benefits including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, training, maintenance and disposal;
- the technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality. This includes but is not limited to an assessment of compliances, tenderers resources available, capacity and capability, value-adds offered, warranties, guarantees, repair and replacement policies, reference checks, ease of inspection, ease of after sales service, ease of communications etc;
- financial viability and capacity to supply without the risk of default (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history) where a high level of risk may exist;
- the safety requirements and standards associated with both the product design and the specification offered by suppliers, as well as the evaluation of risk arising from the supply, operation and maintenance;
- the environmental, economic and social benefits or impacts arising from the goods, services or works required, including consideration of these benefits or impacts in regard to the supplier's operations, in accordance with this Policy and any other relevant Shire Policy;
- providing opportunities for businesses within the Shire's boundaries to quote wherever possible; and
- Risks associated with the supplier or goods and services being purchased.

2.2 MANAGING RISK

Risk impacts will factor into decision making and / or where the procurement decisions may impact operations and continued service delivery.

A risk assessment may be directed by the CEO to be carried out prior to undertaking a procurement activity where a high level of risk may be assessed. Controls or treatments for identified risks are to be included within the scope if appropriate and integrated into the goods or service provision requirements. A more rigorous procurement and evaluation process may be required if the purchase is:

- highly contentious or complex;
- politically sensitive;
- probable to have conflict of interest;
- a transaction with significant investment / high value;

- leading to a further activity with significant investment or of high value; or
- a high profile project and is likely to be subject to scrutiny or media coverage.

2.3 SUSTAINABLE AND SOCIALLY RESPONSIBLE PROCUREMENT

The Shire is committed to supporting general environmental, social and governance (ESG) practices, including to:

- Work toward the implementation of sustainable procurement initiatives supporting suppliers actively demonstrating sustainable business practices (social advancement, environmental protection and local economic benefits).
- Consider any risks associated with climate change with purchasing activities and plan to mitigate where possible.
- Consider whole of life costs and any impact of other consequences resulting from the purchase.
- Recognise the interests of all people in the district and consult where appropriate.

Application of the value for money assessment incorporate supplier demonstration of outcomes which may contribute to improved environmental, social and local economic outcomes.

Requests for quotations and tenders will include an opportunity for suppliers to provide information regarding their sustainable practices and/or demonstrate how their product or service offers socially responsible benefits for the Shire or the wider community.

Procurement might be demonstrated as being internally focussed (i.e. operational environmental efficiencies or employment opportunities and benefits relating to special needs or Aboriginal people), or externally focussed (i.e. initiatives such as corporate philanthropy).

3. PURCHASING THRESHOLDS AND PRACTICES

3.1 PURCHASING VALUE THRESHOLDS AND REQUIRED PRACTICES

The Shire must comply with all regulatory requirements, purchasing thresholds and processes as prescribed by this Policy, and associated purchasing procedures in effect at the Shire.

This table prescribes purchasing value and risk thresholds, and the applicable purchasing practices which apply to the Shire's purchasing activities:

Purchase Value Threshold (ex GST)	Purchasing Practice Required*

<p>Quotations</p>	<p>Quotations are to be obtained from reputable persons or businesses who can demonstrate relevant experience and capacity to supply the goods or services being purchased.</p> <p>If a purchase is made and the Purchasing Practice requirements are not able to be met, or an anti avoidance exemption is applied in accordance with section 4 of this Policy, approval is required by the CEO to be recorded detailing the reasons and any other justification.</p>
<p>WALGA – Contracts of Insurance</p>	<p>In accordance with s.9.58(6)(b) of the <i>Local Government Act 1995</i>, WALGA may arrange contracts of insurance on behalf of all or any of its members for any purpose. Therefore, obtaining LGIS insurance services is available as a member-base service and is not defined as a purchasing activity subject to this Policy. Should Council resolve to seek quotations from alternative insurance suppliers, compliance with this Policy is required.</p>

3.2 PURCHASING VALUE DEFINITION

Determining purchasing value is to be based on the following considerations:

- Exclusive of claimable GST; and
- The actual or expected value of a contract over the full contract period, including all options to extend.

The calculated estimated Purchasing Value will be used to determine the applicable threshold and purchasing practice to be undertaken.

3.3 PURCHASING FROM EXISTING CONTRACTS

The Shire will ensure any goods, services or works required where they are within the scope of an existing contract will be purchased under the existing contract.

3.4 INVITING TENDERS UNDER THE TENDER THRESHOLD

The Shire may determine to invite public tenders, despite the estimated Purchase Value being less than the \$250,000 threshold. This decision will be made after considering:

- any value for money benefits, timeliness, risks; and
- compliance requirements.

A decision to invite tenders, though not required to do so, may occur where an assessment has been undertaken and there is benefit from conducting a publicly accountable and more rigorous process. In such cases, relevant regulations contained within the *Local Government (Functions and General) Regulations 1996* and the Shire's tendering procedures must be followed in full.

4. PURCHASING EXEMPTIONS

Where an exemption is applied to any purchase, approval from the CEO is required prior to the procurement activity being undertaken, and a file note, including reference to the required purchasing requirements is to be completed and recorded detailing the exemption and reasons.

4.1 COMPETITIVE PURCHASING EXEMPTIONS UNDER \$250,000

The exemptions where the Shire is not required to undertake a competitive purchasing process (as detailed in section 3.1 of this Policy) and where the total value of the purchase does not exceed \$250,000 (exclusive of GST) include;

- Legal representation in accordance with policy A.1.2;
- Advertising – Newspaper (for example: Tenders in The West Australian, Kalgoorlie Miner);
- Advertising – State Government Gazette (for example: Local Laws, Planning Notices);
- Fees and payments that are statutory, this includes development contributions and bank fees;
- Annual Memberships / Subscriptions;
- Annual Service / Software Maintenance / Support Fees;
- Fuels and oils;
- Payments made through payroll;
- Insurances;
- Purchases or reimbursements which are approved through other processes, i.e. petty cash, procurement activities authorised by any other adopted Council policy, the Salaries and Allowances Tribunal, or legislation;

- Software licence renewals;
- Payments to persons principally for their time where superannuation is payable;
- Provision of utility services (where only sole provider);
- Merchant (banking) service fees;
- Purchases for maintenance or servicing of equipment from Original Equipment Manufacturer (OEMs) and where warranty provisions may be void; and
- Services of WALGA and LGIS.

4.2 PUBLIC TENDER EXEMPTIONS

An exemption from the requirement to publicly invite tenders may only apply when the legislation permits an exemption. The requirements at section 3.1 of this Policy still prevail except for emergency purchases.

4.3 EMERGENCY PURCHASES

An emergency purchase is any purchase defined by legislation.

Time constraints are not a justification for an emergency purchase. Every effort must be made to anticipate purchases in advance and to allow sufficient time to obtain quotes and tenders, whichever may apply. Details of any procurement activity undertaken as an emergency purchase is to be reported to Council at the next Ordinary Council Meeting under Chief Executive Officer Reports.

5. EXPRESSIONS OF INTEREST

Expressions of Interest (EOI) are typically considered in situations where the project is of a significant value or contains complex deliverables that may solicit responses from a considerable range of industry providers.

In these cases, the Shire may consider conducting an EOI process, preliminary to any Request for Tender process, where the purchasing requirement is:

- Unable to be sufficiently scoped or specified;
- Open to multiple options for how the purchasing requirement may be obtained, specified, created or delivered;
- Subject to a creative element; or
- To establish a procurement methodology to allow for an assessment of a significant number of tenderers leading to a shortlisting process based on a non-price assessment.

All EOI processes are conducted as a public process in accordance with legislation. An EOI should not seek price information from respondents, only qualitative and other non-price information should be sought. All EOI processes should be subsequently followed by a Request for Tender through an invited process of those shortlisted under the EOI.

6. ANTI-AVOIDANCE

The Shire will not conduct multiple purchasing activities with the intent (inadvertent or otherwise) of splitting the purchase value or the contract value, avoiding a particular purchasing threshold or the need to call a public tender. This includes the creation of two or more contracts or creating multiple purchase order transactions of a similar nature, or any other activity to avoid policy requirements.

7. LOCAL ECONOMIC BENEFIT

The Shire encourages the development of competitive local businesses within its boundary first, and second within the goldfields region. Procurement is to be open and fair to ensure local businesses are provided with every opportunity to bid for work. It is recognised not every category of goods, services or works required by the Shire are able to be supplied by local businesses. As much as practicable, the Shire will:

- where appropriate, consider procurement practices, procedures and specifications do not unfairly disadvantage local businesses;
- consider indirect benefits with flow on benefits for local suppliers (i.e. servicing and support); and
- ensure procurement plans address local business capability and local content.
- explore the capability of local businesses to meet requirements including requests for tenders designed to accommodate the capabilities of local businesses;
- avoid bias in the design and specifications for tenders whereby all requests are structured to encourage local businesses to bid; and
- provide adequate and consistent information to local suppliers.

To this extent, a qualitative weighting may be included in the evaluation criteria of tenders where suppliers are located within the Goldfields Region, a regional price preference may be applied to businesses as detailed within the Shire's Regional Price Preference Policy.

8. PAYMENT METHODS

A purchase order must be raised and provided to the supplier, prior to goods and services being supplied. A commitment to buy without a purchase order may represent unauthorised expenditure. Departures from this requirement will be subject to section 10 of this Policy.

- Where the Shire holds an account with a supplier, a purchase order should be issued in the first instance and the suppliers invoice must state the purchase order number. If the supplier does not accept purchase orders the following payment methods may be used in limited circumstances once a purchase order has been authorised:
- corporate transaction card (the requirements of relevant Business Operating Procedure apply); or
- petty cash up to the value of \$100 (excluding GST); or
- request for payment (must provide detailed justification for why a purchase order was not completed prior to procurement of goods and services);
- reimbursements (N.B. these should be avoided as far as possible).

The use of blank purchase orders is prohibited.

9. CONTRACT VARIATIONS

9.1 PRE-CONTRACT VARIATIONS – ABOVE TENDER THRESHOLD

Pre-contract variations are permitted in accordance with legislative provisions.

A minor variation must be authorised by the Chief Executive Officer prior to the commencement of any negotiation in accordance with the relevant delegation.

9.2 PRE-CONTRACT VARIATIONS – NOT AWARDED BY TENDER

Pre-contract variations for procurement activities not awarded by tender are permitted only where the same legislative provisions are applied for awards made by tender.

A minor variation must be authorised by the Chief Executive Officer prior to the commencement of any negotiation in accordance with the relevant delegation.

9.3 POST-CONTRACT VARIATIONS – ABOVE \$250,000 / AWARDED BY TENDER

Post contract variations may only occur when in accordance with legislation and authorised by the Chief Executive Officer. Details of any authorised post contract variations are to be reported to Council at the next Ordinary Council Meeting under Chief Executive Officer Reports.

9.4 CONTRACT OR PURCHASE VARIATIONS – PURCHASES OTHER THAN TENDERS ABOVE \$250,000

Post contract variations may only occur when in accordance with the same legislative provisions as if the award had been made by tender and authorised by the Chief Executive Officer. Details of any authorised post contract variations are to be reported to Council at the next Ordinary Council Meeting under Chief Executive Officer Reports.

9.5 CONTRACT OR PURCHASE VARIATIONS – PURCHASES OTHER THAN TENDERS VALUED \$50,000 TO \$250,000

Where the Shire has issued a purchase order for the procurement of goods or services not awarded by tender, a minor variation which does not alter the nature of the goods or services, or materially alter the specification provided, may be considered. Where a variation to a purchase is proposed, the following considerations are to be documented, applied and approved by an officer with the appropriate level of purchasing authority:

- The result of the variation plus the original purchase/contract value does not exceed the original purchasing threshold as defined in section 3.1 of this Policy. If the value of the proposed variation and the original contract/purchase value does exceed the original purchasing threshold, the purchasing requirements and authorisation of the higher purchasing threshold must be complied with for the variation; or
- The variation is necessary for the goods or services to be supplied and only results in a minor change to the scope of the contract/purchase.

10. CONTRACT EXTENSIONS

Utilising rolling contract extensions at the end of a contract term, unless included within the original contract, without properly testing the market or using a tender exempt arrangement, will not be accepted as this would place the Shire in breach of the *Local Government (Functions and General) Regulations 1996* (Regulation 12). All contract extension provisions are to be for a defined term, and the value of the entire contract including extensions is to be utilised when calculating the total contract value for assessment against purchasing thresholds.

Contract extensions with a defined end date where provided for within the original contract are permitted. Contracts with extension provisions for an undefined period are not permitted. Contract extension options within a proposal are to be considered as part of the overall contract when assessing proposals.

Where a contract extension within an existing contract is to be exercised, the following considerations are to be documented, applied and approved by an officer with the appropriate level of purchasing authority for the contract as a whole:

- Performance from existing contract/s are to be assessed and documented in accordance with relevant approved operating procedures, prior to expiry of original contract; and
- Extensions are to be approved prior to the expiry of the original contract in accordance with relevant approved operating procedures and may not be granted after a contract has expired.

11. PURCHASING POLICY NON-COMPLIANCE

The Shire shall implement processes to facilitate this Policy and associated management procedures, and will implement processes to report departures, non-compliance and/or exceptions.

Purchasing activities are subject to financial and performance audits, which review compliance with legislative requirements and also compliance with the Shire's policies and procedures.

A failure to comply with the requirements of this policy will be subject to investigation. Findings will be considered in context of the Shire's applicable Code of Conduct and reasonable expectations for the officer's performance of their role. Where a breach is substantiated it may be treated as:

- an opportunity for additional training to be provided;
- a disciplinary matter, which may or may not be subject to reporting requirements under the *Public Sector Management Act 1994*;
- misconduct in accordance with the *Corruption, Crime and Misconduct Act 2003*.

12. RECORD KEEPING

All purchasing activity, record of request for and provision of written quotes, communications and transactions in respect of all purchases made must be evidenced and retained as local government records in accordance with the *State Records Act 2000* and the Shire's Record Keeping Plan.

A.2.10 RISK MANAGEMENT POLICY

OBJECTIVE

To encourage an integrated, effective and organisation wide approach to risk management within the Shire of Leonora, facilitating value creation and protection.

POLICY STATEMENT

Council is committed to the use of risk management in the course of achieving its strategic objectives and delivery of services to the community. Management of risk is considered the responsibility of all Council Members, employees and contractors, and is to be integrated throughout the Shire.

A *Risk Management Strategy* is to be maintained and implemented utilising the Principles, Framework and Process as defined within *ISO 31000:2018 Risk Management - Guidelines*.

1 RISK TOLERANCE AND APPETITE:

Risk tolerance or risk appetite refers to the amount and type of risk that the Shire is willing to take in order to meet its strategic objectives. As a public body, there is an expectation the Shire will maintain an inherent low appetite for risk and as a consequence adopt policies and maintain systems and procedures to create value and protect the Shire, and its stakeholders.

Council's risk tolerance and appetite is articulated with the *Risk Management Strategy* and any change to the level of risk tolerance and appetite within the Strategy can only be made with Council approval.

2 RISK MANAGEMENT COMMITMENT:

Council will maintain a continual commitment to risk management through the appropriate allocation of resources to facilitate application of the principles, framework and process as defined within *ISO 31000:2018*, through the '*Risk Management Strategy*'. The *Risk Management Strategy* will assist the organisation to integrate risk management into decision making and operational activities, across the organisation. This commitment will work towards:

A.2.11 REGIONAL PRICE PREFERENCE/BUY LOCAL POLICY

OBJECTIVE

This policy establishes the guidelines to promote local business partnerships within the Shire of Leonora by giving preferential consideration to regional suppliers in the procurement of goods and/or services.

DEFINITIONS

Quotation: means a statement from a supplier setting out the cost for the supply of goods or services.

Local Business: in this Policy is a regional tenderer as defined in the *Local Government Act (Functions and General) Regulations 1996 Part 4a 24(b)*.

regional tenderer means a supplier of goods or services who satisfies the criteria in subregulation (2).

- (2) *A supplier of goods or services who submits a tender is regarded as being a regional tenderer for the purposes of this Part if —*
- (a) *that supplier has been operating a business continuously out of premises in the appropriate region for at least 6 months before the time after which further tenders cannot be submitted; or*
 - (b) *some or all of the goods or services are to be supplied from regional sources.*

Region: is specified as the geographical area which comprises the Northern Goldfields; Shire of Leonora, Shire of Menzies, Shire of Laverton, Shire of Wiluna, as well as the City of Kalgoorlie Boulder.

Regional Price Preference: when applied in relation to a quotation or tender submitted by an Eligible Local Business, involves assessing the price component of the tender or quotation as if the tendered/quoted price were discounted in accordance with the Regional Price Preference Policy.

Tender: means a Tender required under Regulation 11 of the *Local Government (Function and General) Regulations 1996* or other Tender Procedure as determined by Council.

POLICY STATEMENT

The Shire of Leonora will encourage local industry to do business with Council through the adoption of a regional price preference advantage in conjunction with standard tender and quotation considerations. This policy will apply to all Shire of Leonora tenders and quotations where prices are being sought from both local and non-local businesses.

PRICE PREFERENCE LEVELS

A price preference may be given to a local business by assessing the tender from that local business as if the price bids were reduced by the values set out in the *Local Government (Functions and General) Regulations 1996 Part 4a 24(D).1*

- (1) *A preference may be given to a regional tenderer by assessing the tender from that regional tenderer as if the price bids were reduced by —*
- (a) *up to 10% — where the contract is for goods or services, up to a maximum price reduction of \$50 000; or*
 - (b) *up to 5% — where the contract is for construction (building) services, up to a maximum price reduction of \$50 000; or*

- (c) up to 10% — where the contract is for goods or services (including construction (building) services), up to a maximum price reduction of \$500 000, if the local government is seeking tenders for the provision of those goods or services for the first time, due to those goods or services having been, until then, undertaken by the local government.

PROOF OF ELIGIBILITY

Businesses who claim the regional price preference should indicate on their tender or quotation submission that they wish to claim the regional price preference and on which criteria they wish to claim it. Suitable proof of eligibility should be provided.

Where a price preference is being claimed by non-local business on the basis of goods or services being supplied from regional sources only those goods or services identified in the tender or quotation as being from regional sources may be included in the discounted calculations that form a part of the assessments of a tender or quotation when a regional price preference policy is in operation.

If, in the opinion of the Shire of Leonora, a supplier has deliberately provided false or misleading information so as to benefit from this policy, their quotation or Tender may be considered non-conforming and, as such, may be disqualified.

COMPETITIVE PURCHASING

Price is only one factor that the Shire of Leonora considers when evaluating a quotation or Tender. There is nothing contained within this policy that compels acceptance of the lowest price.

The Tender or quotation that is determined to be both cost effective and advantageous to the Shire of Leonora will be the most likely to be accepted.

CONSEQUENCES

This policy represents the formal policy and expected standards of the Shire of Leonora. Council Members and Employees are reminded of their obligations under the Council's Codes of Conduct to give full effect to the lawful policies, decisions and practices of the Shire.

ROLES AND RESPONSIBILITIES

Employees will use the local market for their procurement requirements to encourage economic growth and local business partnerships where it is practical and reasonable to do so.

Employees are to ensure that the application of a regional price preference is clearly identified within the Tender and quotation documents to which the preference is to be applied and that this policy is made available to businesses as part of the quotation or Tender.

OBJECTIVE

To guide the CEO / administration in considering applications to support ratepayers experiencing genuine financial hardship.

POLICY STATEMENT

The Shire acknowledges exceptional circumstances will exist at varying times which may lead to ratepayers encountering difficulty in paying rates and service charges by their due date.

Where ratepayers are experiencing genuine financial hardship, the Shire will endeavour to minimise additional hardship potentially resulting from debt recovery processes by:

- Suspending debt recovery processes whilst considering applications made under this policy;
- Giving consideration to acceptable payment arrangements to clear (wherever possible) rates debts prior to the end of the current financial year; and/or
- Where any interest charges on rates and service charges are imposed which may cause further financial hardship, consider applications to write off interest up to \$1,000.

Applications are required to meet the criteria and evidence requirements noted by this policy and are to be submitted in writing to the CEO.

The CEO will assess each application as required against relevant delegations, Council policies and legislation to finalise applications or escalate for consideration by Council as required.

CRITERIA

For consideration of alternate payment arrangements for outstanding rates and charges, the ratepayer is to submit their request in writing to the CEO to consider a payment arrangement to clear their debt (where possible) prior to the end of the current financial year.

For consideration of a write off of any interest on outstanding rates, the following conditions are all required to be met:

- The ratepayer had either no outstanding rates from a previous financial year or the ratepayer has an approved payment arrangement and continues to adhere to the terms of that agreement;
- The ratepayer's circumstances are supported by an original hardship letter from a qualified financial body (e.g. a fully accredited member of Financial Counsellors Association of Western Australia, CPA/ICA accounting firm or bank);

- where the ratepayer is an individual that:
 - they are not bankrupt or subject to a bankruptcy petition; and
 - no revenue is being derived from the property the subject of the application;
- The maximum amount of interest to be written off is \$1,000;
- Write offs are applicable to interest on the ratepayer's principal place of residence or business only; and

- The applicant must be the owner / occupier of the property and liable for payment of rates and charges.

EVIDENCE

Applications for financial hardship assistance must be made in writing to the CEO to substantiate the criteria noted in this policy, and supported by the following:

- Sufficient detail to identify the ratepayer and property which are the subject of the application;
- Original copy of extreme hardship letter from a qualified financial body (e.g. a fully accredited member of Financial Counsellors Association of Western Australia, CPA/ICA accounting firm or bank); and
- Where the applicant is not the owner of the property, evidence (such as executed lease agreement) to support liability for payment of rates and charges.

The CEO has authority to assess and determine an application, and provide exemption from provision of any part of the evidence required, where appropriate services are unavailable in Leonora, or are inaccessible to the applicant.

OUTCOMES OF DECISIONS

The Shire will notify ratepayers of the outcome of their application in writing at the earliest available opportunity. Where a ratepayer is aggrieved by the decision, they may request Council to consider the application. The decision of Council will be final.

- A detailed report including recommendations on each study tour is to be submitted to Council for noting.

6 SPECIAL PROVISION

To provide an opportunity to network with Federal Ministers, Members of Parliament and/or Senior Departmental Officers on issues affecting the Shire, the Shire President (and the Chief Executive Officer), with the prior approval of Council, are to attend an appropriate interstate conference incorporating a visit to Canberra where possible on an annual basis.

7 BOOKING ARRANGEMENTS

Registration, travel and accommodation for elected members will be arranged through the Shire of Leonora administration office. In general, all costs including airfares, registration fees, and accommodation will be paid direct by the Shire.

8 EXTENT OF EXPENSES TO BE REIMBURSED

Expenses incurred with approved professional development in addition to booking arrangements paid by the Shire, may be reimbursed to elected member as set by the Salaries and Allowance Tribunal through a determination published in the Government Gazette from time to time and in accordance with statutory requirements.

Elected members will generally not be reimbursed for the cost of meals or refreshments for other people.

Expenses will generally be reimbursed from the time an elected member leaves home to attend an event to the time the elected member returns home. Should an elected member extend a visit by leaving prior to the time necessary to arrive for the event or return after the time at which the elected member could have returned following the event, reimbursements will be paid:

- For the days of the professional development event only; and

- For the cost of travel to and from the airport to the accommodation to be used for the professional development event.

Where a visit is extended, as discussed above, an elected member may stay for the period of the extension in different accommodation to that used for the attendance at the professional development event. In such situations, the reimbursement of taxi fares will be to the estimated cost of travel between the professional development event's accommodation and the airport. The elected member will be required to pay any greater amount.

Where an elected member attends two professional development events and there is a gap of no more than two days between the conclusion of the first event and the start of the second event, the elected member shall be entitled to reasonable accommodation expenses and other allowable expenses during that 'gap' period. If the gap is greater than two days, only two days reimbursement can be claimed.

Payments over \$82.50 without receipts will not be reimbursed.

9 PAYMENT OF EXPENSES TO BE REIMBURSED

The extent to which an elected member can be reimbursed for intrastate and interstate travel and accommodation costs incurred in any of the circumstances referred to in regulation 32(1) of the *Local Government (Administration) Regulations 1996* is set by the *Salaries and Allowances Tribunal* through a determination published in the Government Gazette from time to time.

Nothing prevents an elected member from being reimbursed for any reasonable expense incurred whilst attending professional development events where an elected member produces receipts or other sufficient information for the total cost to support their claim.

Reasonable expenses may include but are not limited to:

- Meals and non-alcoholic beverages for the elected member only;
- Transport travel – taxi, Uber or public transport; and
- Entry fees.

10 CASH ADVANCES

The Shire will not pay cash advances to Council Members.

11 ELECTED MEMBER/DELEGATE ACCOMPANYING PERSON

Where an elected member is accompanied at a professional development event, all costs for or incurred by the accompanying person, including, but not limited to, travel, breakfast, meals, registration and/or participation in any event programs, are to be borne by the elected member / accompanying person and not by the Shire.

An accompanying person's registration, or accompanying person's program fee, is to be paid to the conference organiser, at time of registration. The Shire will administer the registration and payment process for the accompanying person if the relevant forms and payment are made to the Shire in advance for the accompanying person.

Where the Shire meets an account containing any expenditure or cost incurred on behalf of an accompanying person attending, such expenditure must be repaid to the Shire by the

elected member /accompanying person within 30 days of being invoiced for such expenditure following the conclusion of the professional development event.

12 GUIDELINES FOR CONFEREE AND TRAINING ATTENDANCE

Generally, no more than two Council Members may attend a particular Conference or Training event outside Western Australia at the same time. The Chief Executive Officer or Council may, however, approve attendance by more than two elected member if a particular purpose of need arises.

13 ATTENDANCE AT OVERSEAS CONFERENCES

An elected member may, with prior council approval, attend an overseas conference. The Council approval must include a specific council resolution indicating how the conference attendance will be of benefit to the Shire and the elected member and detailing any conditions applied.

14 REPORTING

Upon return from any professional development event as detailed within this policy, where registration and other associated costs are met by the Shire, the attending elected member is required to provide a written report on their attendance and the benefits to them and the Shire, to the Chief Executive Officer.

The Chief Executive Officer is to record these reports in a register to support required annual reporting required by legislation.

POLICY STATEMENT

This policy is to apply for any dwellings proposed for relocation into any part of the Shire.

All relocated dwellings are to comply with relevant provisions of the *Building Code of Australia*, *Public Health Act 2016* and *Town Planning Scheme*.

The dwellings are to be inspected by a Council Building Surveyor at the expense of the applicant (to be paid in advance) and a list of required work will be made. 6. The applicant will be required to complete all specified required works within 12 weeks of the relocated building being placed on site.
7. A bank guarantee to the value of \$5,000 will be required to be lodged with Council, which will be released when the work is either completed or on a pro rata basis and refunded at the discretion of the Building Surveyor
